

ADAMHS WILL IMPLEMENT AN IMPORTANT CHANGE!

Starting July 1.....

- **Montgomery County residents no longer have to go to Crisis Care first to be assessed and referred to treatment providers.**
- **They may go to a provider of their choice.**
- **IMPORTANT: If they are indigent, they need to know that they should seek services from a provider who accepts indigent clients *or they may be billed for services rendered.***
- **Residents without insurance, Medicaid or little/no income may receive services from ADAMHS contracted agencies.**
- **A directory of providers, including ADAMHS contracted agencies, is available at www.mcadamhs.org or by calling 937-443-0416.**
- **Persons in crisis may still call CrisisCare at 224-4646.**
